PRESIDENT'S CORNER

I would like to thank all of the people for their service to the Club, to name a few: outgoing kitchen chair, Steve Dwy and his crew; Board of Directors, Charlie Talbot, Ed Ahrens, Dave Minoggio, and a special thanks to Ken Silverstone & Ann Barbee for their 2 decades of service. I would also like to introduce the new Officers and Directors: Tom Chesterman as Treasurer, Vince Sargentini as Financial Secretary, Board Members Les Brown, Ralph Guild, and Rolando Soto. Alyce Herrera has volunteered to be our next Kitchen Chairperson, and informed the Board that there will be no social dinner in August due to the annual Installation/Appreciation dinner, which is by invitation only. She said that she plans to resume the breakfasts in September.

Our By-Laws are in need of revision due in part to being out of date and in some instances not in compliance with California Corporations Code. We have formed a By Laws Committee to address this matter. The committee needs members who are willing to volunteer their time and effort to assist in drafting the revisions. This process may take several weeks or months to complete, before we can submit a draft to whichever attorney we decide to write the revised version. Anyone that would like to sit on the committee should contact me soon, so that we may begin the process.

On another note, the BOD approved funds to paint all of the storage containers on the property. This was approved two years ago, but for one reason or another was not completed. The primary reason for this was to soften the appearance of the storage area. Currently there are green, blue, white, grey, and rust colored containers in various states of condition. It is felt that painting them all a kind of muted color would improve their appearance and, at the same time, soften the view from afar so that they would blend in with the environment. The containers will be painted free of charge to the owners. The Club's containers are not a problem, however the majority of the containers are privately owned, and we would require permission to paint them. It should be noted that anyone who does not want the club to paint theirs a muted color may be required to paint their container, at their own expense, in order to conform to the visual theme of the rest of the Club. Obviously, the containers would not be moved in order to paint the areas butted up against one another, just the areas that are visible to the public and members.

The painting of our buildings and re-roofing made a huge improvement in reducing the visual impact of the club on the area. It is felt that the painting of the containers will do the same. I cannot supply a paint chip at this time as the painter is donating approximately 250-300 gals of paint, which must be mixed, and the remainder will have to be purchased to match whatever the initial color is. Please contact me ASAP if you have any concerns or questions. This painting will not take place for a month or more and will be done in sections over a several week period. Please spread the word because if we don't hear from you, your container will be painted.

That's it for now. As always, feel free to contact me or any of the BOD with your concerns or suggestions.

Ron Gunar
President of the RR&G Club
