PRESIDENT'S CORNER

Greetings,

The East Bay Regional Park District acquired property next to ours, and I received a letter, not addressed to me, from the environmental programs manager of the district. They are expressing concerns regarding the property boundaries and our encroaching on their property. "At this point our interest is in securing this park boundary. This would require relocation of some containers, removal of the water line and other materials, so that a boundary fence could be installed to prevent further encroachment and to protect the adjacent saltmarsh." I contacted the manager, Mr. Brad Olson, by phone on Aug. 20, 2012 at 12:00 PM, regarding the matter. We discussed his concerns and my concerns regarding unknown persons entering our property, and conducting surveying operations without permission or advance notification.

He agreed to notify me in the future. He and I agreed that they would conduct a formal survey, and we would then address any encroachment issues. I was advised by our groundskeeper that someone was on our property on Tuesday, Sept. 11th, when the club was closed. Again, they were surveying the property without notification. I went to the club, and indeed there were nine or so fresh markers, which clearly indicated that from Mr. Tinney's boat northwest a number of storage containers may be totally or partially on park property. By the time you read this, I will have contacted Mr. Olson, and hopefully, we can resolve any issues regarding the boundaries and any other related issues. At a minimum, it appears that the water line must be relocated, and a dozen or so containers will have to be moved. I will keep you posted on matters as they unfold.

On another matter, I would ask that members DO NOT bring animals to the club and release them. We are becoming inundated with rabbits, cats, and chickens. Please find a suitable home for your animals. And, on a good note, the club is growing both in numbers and financially, and we seem to be meeting the members' needs. The security camera system is up and running, as well as the parking lot lights, thanks to Alec Jason and Jay Campbell. I would like to thank all of the members that volunteer their time and effort in support of the club, and as always, I solicit your input and any suggestions for improvement.

Best Regards:

**Ronald B. Gunar,
President of the Richmond Rod & Gun Club**
